Woody's Weekly Burger

Different Meats, Different Toppings, Different.

Ask your server.

All you need to know is we make the best burger ever.

It's no surprise considering how they're made. Everything, from the burgers to the salad dressing, is made fresh in house at Woody's daily. No processed ingredients are used. In fact, the meat comes from local farm raised cattle and each 7 ounce burger is hand pressed daily. All of the sides and salads are made using seasonal produce from local farms. But what makes Woody's burgers truly distinctive is the use of wood burning grills. Nothing beats the flavour of foods grilled on a Canadian hardwood burning grill and woody's customers are loving it!
